

DAS(R)EINE VOLK-GEFOLGSCHAFT DER (R)EINHEIT
(R)EINHEITSGEBOT # 41

ENGLISH TRANSLATION

While yesterday's (R)EINHEITSGEBOT was about the differently embodied avatars of the primordial mother FRYA, who is supporting us, today we will further discuss the purest folk on earth - which was created by just this primordial mother and will hold the highest coming office:

(104)

No other kind could do your work.
The hovering eagle has gained knowledge,
lonely above the height of the clouds.

Exemplary, an embodiment of the FRYA - namely the ISAIS – explains, that not all people of this kind (folk) are addressed with this, only a part of it and from it "small number". The hovering, insightful eagle (meaning: high spirit!) has been the seal-animal of the folk in the heartland since the beginning and provides plenty of suitable information.

(101)

Isais was on the lookout, from Greenland,
for stubborn, brave heroes.
Testing, she saw the particular tribe,
to the best of which she is devoted.

(102)

Few they are, considering the whole,
and also from that small number.

(103)

The ones, that I recognized through the Greenland mirror:
the holy flock, my heart is with them. It is spoken to you.
Hold the choice high, do not disregard the duty.

Only one folk in the world can take this office, formed by the EMOTIONAL INTELLIGENCE of a gentle small group. The holy patroness of Greenland was right with her statement made to the templars in the 13th century. **Who** remembers this time?

It is imperative that we once again discuss the geographical misplacement of the mountain of the gods or the Wotan's-mountain. This mountain can by not be the UNTERSBERG in any case. With his invented myths from lack of money at that time, Stan Wolf confused the easily manipulated mankind, invented all kinds of quite questionable occurrences and this way, the evil of the sudden deception took its course. The former blacksmith suffered from a notorious lack of money, his company went bankrupt. Desperately a profitable, new source of income had to be found. Only because of this, the man invented the secrets around the Untersberg; these in reference to the deceiver from Braunau of the Zionist house Rothschild, who had moved into his quarters in Obersalzberg. Thousands and thousands of soldiers of the SS, within ten years of meticulous research in the field and former vibration measurements, found NOTHING at the Untersberg, nothing, that Stan Wolf tried to tell us, this mountain is a simple chunk with slightly elevated para-values.

But a mountain - the mountain of the assembly ... ISCHTAR gave us clear information about its location - had already been limited in its power of action for centuries by Zion-Juda, since the worst rabble put a huge plug of energetic obstruction on top, thus limiting the powerful Ley-line-energy:

A church. Moreover, that Satanicum drew all attention of the people **a w a y** from this primary mountain, Hitler and "his" Untersberg undermining the truthfulness, came just in time, as always well staged by JAHU.

In the past year thousands of people under our leadership activated a total of 14 mountains, the one known as **STAFFELBERG** first. My reports about it can be found on the internet. Our VÖLKISCHEN BOTSCHAFTER, from the 2nd of October 2018, making available again the information about the mountain, which Ishtar clearly named. As an addition also my VOLKESBOTSCHAFT, from October 8, 2019.

Why did Ishtar in her testimony to the Templars highlight the people of the Franks in particular, who also belong to our people, but gave themselves a new language? Not the Bavarians she mentioned, no: the Franks! The STAFFELBERG is itself in Franconia. **"Pay attention to every hint,"** the deity urged us.

Our focus is directed to the 2nd TEMPLAR-REVELATION, which will point out to us, the knowing, the light at the end of the tunnel (darkness), which we are currently passing through. It is necessary, for better understanding, to study the message of the holy Templars several times, only then a picture of glistening sparkle starts to form in the mind of the reader.

CHAPTER ONE

1.1

At the height of the country, at the peak of victory,
from the hands of the savior and the mighty,
from the folk of the predetermined,
from the rays of the deity,
light through darkness, which will be shattered through light,
Song of fidelity, truth, and powerful action,
Rise of the new, of the predetermined, holy kingdom,
Boiling point of justice,
Remembrance of heroes in the fight, remembrance of the wise, remembrance of martyrs,
Sunrise over the world.

1.2

From the blood of the enemies,
from the wailing of the bad,
from the ashes of burnt feasts of evil;
from broken time,
from abandoned reasons,
from the dust of the crushed,
from the lamentation of the lost,
from the prostrate darkness,
That, which is coming, will light up everything.

1.3
Powerful the (first) city.
Powerful the (second) city.
Powerful the (third) city.
Linked itself to In v i n c i b i l i t y,

F o l k o f n o b l e b l o o d,
F o l k a b o v e o t h e r s,
f i r s t f o l k,
b r i g h t l y v i c t o r i o u s, highly ruling,
d e t e r m i n i n g t h e e v e n t s ,
DIRECTING THE WORLD.

Has it been internalized here, what folk alone is spoken of? These verses are passed on from Templars in our mother tongue, following the prophecy of ISAIS [FRYA].

1.4 Truly, the inferior will be prostrated , the superior will be lifted up.

1.5 **What is superior is pure; what is impure is inferior.** In the dark times, the impure is dominant, since the inferior is above the high, the worthless is above the valuable, the ignorant is above the knowing and the ungodly above the godly.

1.6 But when the light rises, the inferior fall; and those, who were below, **the pure**, will stand high above the fallen impure.

1.7 And the sword of righteousness will rage among the unjust, will not hear their speech, accepted will be no coin, nor the false oaths of the false, the seed of evil will be destroyed, it does not arise, finds no tolerance, remains without power, in which he was rich before. But those, who had been poor in it, will possess the power.

1.8 Thus Carthage's protectress prophesies to you, the one who knows tells you, that you will watch out, when the shine of the new crosses the sky. (…)

SECOND CHAPTER

When the fountains of light open and the waters of clarity pour out on the people, when the young seed of the stream of light rises in the being of the pure, when the inferior are cast down and the high ones lifted up, then the new kingdom will prosper.

2.2 **The princes of the countries of the high folk will gather in a place, that has been predetermined for eternity, to choose the first, greet and pay homage to the Savior, because he will lead the new empire.**

2.3 Realize, that you are chosen to know, and keep in mind for the coming time: a place has been pre-determined for eternity, lying under Greenlands ray, standing opposite to the first gate of the middle Kingdom, receiving God's (IL's) highest light, a place, under whose sky purest wisdom comes to the pure.

2.4 Remember, you who are chosen, to recognize the place and to hold on to it for the heroes, who will fulfill the legacy, because this place is located **in the midst of the rays of the three mighty cities of the pure people**. Be insightful, and you will recognize it: The first mighty city is the southern capital of the empire, which is called Vienna; the second powerful city is the nascent northern capital of the empire you established (Berlin); the third

powerful city is the western capital of the empire, the one which is called Paris.

2.5 When the time has come, in the middle of the rays of the three capital cities something special will be, a special divine light will shine down in abundance upon the place, that designates you.

2.6 This then will result in, that the chosen ones of the folk living there, which will cover all the lands of the Germans and Franconians and their brother folks, will visit the special place in order to forge the new, enormous empire there.

2.7 And there will be and appear things, which are formed by Greenland's ray, which will tell about the destiny of the dark times and about the liberating heroic deeds, about the way into the light and about millennial future.

THIRD CHAPTER

When the princes of the countries of the high people will have decided in that particular place, illuminated by the highest light, then the folk of the new empire will take care of the surrounding countries, because those are poorer and cannot mature by their own efforts.

Therefore the chosen ones will have to care for all and take care of all surrounding countries and people; and must also look over the whole world.

3.2 Thus the wise rule of the high kingdom will carry happiness, peace and justice to all nations and to all parts of the earth and beyond. Because just as the princes of the kingdom submit to the supreme Lord and he submits to the throne of the Deity in heaven, and just as the high folk accepts the leadership of their princes, so will the other countries submit to the folk of the kingdom and let them be wise and accept regency for the benefit of all.

3.3 But in the world, that still lies outside the borders of the kingdom, the wickedness will have to be subdued, the inferior ones will be uprooted like the weeds in the field, which endanger the good grain. What is wrong must be weeded out of the fields of the world and burned in the purifying fire.

3.4 A time of renewed struggle will come, which many will lead. And the trouble will cause anger in many parts of the world. They will also try to throw the dispute into the kingdom. But the fire will seize these wicked ones and devour them terribly.

3.5 The new kingdom will be there, but pure peace will not yet be there, the dark poisons will not yet be fully resolved. But the Word of Knowledge will be there, a magnificent sword, that slays all wickedness.

3.6 At midnight, when the bright one glows up and shines beautifully across the earth and illuminates the holy place, then announcing completion (…)

At midnight = The kingdom of the heartland, home of the people of midnight. In ancient times the People of Babylon traveled to visit the people of midnight, due to the darkness in the cold months, the travelers called our people this way.

But what is visible for us in the future?

In an unprecedented separation between HEIL (everything good) and UN-HEIL (everything bad), all sub-human rabble, attached to the evil JAHU, will limit themselves in their distress, which will result in their economic, financial, spiritual and mental end on Irtha, or, in moderately severe to severe cases (70% of humanity), leaving this world in a self-destructive way. Again it will be "*The best die always much too early*", however, the impure mass of so-called humans does not know, that Avatars, that are removed, had inconsistencies regarding their connection to the ALL-FATHER within them.

ISAIS:

*(117) Be cautious, remember:
impure is the multitude of people here,
fallen away from Allfather's home.*

The measure was sufficiently and long before they noticed it already full! Those monsters, PERSONS of the public, here oge examples, such as the monster Kasner, together with her members of the same inferior race the so-called foreign affairs minister Maas, the fat wart Roth, the pretending president Stein-something, furthermore these and other puppet creeps governing entities from JAHUsalem, that undermine our people, ...

will be rendered soulless with the help of the ALLPOWER, that is, if a soul is present!

Only death alone, as punishment for their incomprehensibly malicious work, is **not** intended for them. Their souls are henceforth brought under eternal energetic closure, so that a re-embodiment of other avatars - in whatever world of *Greenland* - can **never** happen again.

This is not to be forgotten: **I am an ambassador of ALL-POWER, not a prophet!** If I write from the future in the form of "*will*", then each scenario can already occur in this moment or maybe in a few months. All the sacred information, that I received, I publish openly in these messages for everyone to read.
